STARFIELD TECHNOLOGIES, LLC MANAGEMENT'S ASSERTION

Starfield Technologies, LLC ("Starfield"), subsidiary of GoDaddy Inc. ("GoDaddy"), operates the Certification Authority ("CA") services for the CAs enumerated in [Attachment B](#), and provides Extended Validation SSL ("EV SSL") CA services.

The management of Starfield is responsible for establishing and maintaining effective controls over its EV SSL CA operations, including its EV SSL CA business practices disclosure on its [repository](#), EV SSL key lifecycle management controls, and EV SSL certificate lifecycle management controls. These controls contain monitoring mechanisms, and actions are taken to correct deficiencies identified.

There are inherent limitations in any controls, including the possibility of human error, and the circumvention or overriding of controls. Accordingly, even effective controls can only provide reasonable assurance with respect to Starfield's CA operations. Furthermore, because of changes in conditions, the effectiveness of controls may vary over time.

Starfield management has assessed its disclosures of its certificate practices and controls over its EV SSL CA services. Based on that assessment, in Starfield management's opinion, in providing its EV SSL CA services in Arizona and Virginia, in the United States of America, Starfield has:

- disclosed its EV SSL certificate lifecycle management business practices in applicable versions of its Starfield Technologies, LLC Certificate Policy and Certification Practice Statement ("CP/CPS") enumerated in [Attachment A](#), including its commitment to provide EV SSL certificates in conformity with the CA/Browser Forum Guidelines on the Starfield repository, and provided such services in accordance with its disclosed practices
- maintained effective controls to provide reasonable assurance that:
 - the integrity of keys and EV SSL certificates it manages is established and protected throughout their lifecycles; and
 - EV SSL subscriber information is properly authenticated

throughout the period July 1, 2020 to June 30, 2021 based on the [WebTrust Principles and Criteria for Certification Authorities - Extended Validation SSL v1.6.8](#).
